

Watch Out for Snow and Ice!

From December to March...It's a busy period for ambulance members with a lot of people slipping and falling on snow and ice. January is actually the "worst" month. Falling while clearing away snow, falling on snow or ice...Be careful!!

◇For Your Safety◇

- Put on heavy-duty shoes.
- Watch your step and walk with care.
- Watch out especially for several days after snowfall.
- Check the weather forecast for snow before going out. Avoid leftover snows and icy roads. Haste makes accidents!
