

STOP Residential Fires!

"Smoking" and "Cooking range" come as the main causes of fires. Keep the following tips in your mind!

【Smoking】

- (1) Don't smoke in bed.
- (2) Don't drink, smoke, and fall asleep.
- (3) Don't leave an ashtray full of butts.
- (4) Put out cigarette butts completely with water.

【Cooking Range】

- (1) Don't leave the range unattended while cooking.
- (2) Don't leave flammable objects around the range.
- (3) Use a fire-retardant apron and/or arm covers.
- (4) Keep the range flame properly under the pot.
