Meguro-Ku Comprehensive Disaster Prevention Drill !

A large joint life safety drill is going to take place on September 2 (Sun.) at the Higashiyama Junior High School in Meguro Ward. Professionalism and great skills are going to be shown by the fire department, the police, the Self-Defense Forces, the Tokyo Fire Department volunteers, volunteer fire corps, neighborhood associations, and others. They are going to demonstrate their mobility with “self help,” “mutual help” and “government help” in their mind.

Join the drill and try each section!
