

MESSAGE FROM SHINAGAWA FIRE STATION

The TFD carries out the **Autumn Fire Prevention Campaign 2017** from November 9 (Thurs.) to 15 (Wed.).

This fire safety campaign is carried out in spring and autumn every year. It helps people develop their fire and life safety skills that are necessary to prevent fires or minimize fire damage, and protect lives and property.

We will have the **Fire Safety Gathering** in the Gate City Hall on November 11 (Sat.) Specifically, *Part I* will be the commendation ceremony for fire safety contributors. *Part II* will be the fire/life safety presentation by Actress Tsubasa Makoto (ex-member of the Takarazuka Revue Company).

Meanwhile, we will have the **Fire Station Branch Open House** on November 12 (Sun.). There, the Higashi-shinagawa branch members will welcome you to the professional emergency demonstration! See their fire drill and fire vehicles! Come and sit in a fire engine to “become” a fire fighter! Try firefighting, first aid, smoke survival, fire coats, and more! Join us with your family and learn about life safety! Enjoy these free-of-charge events!

Be there!!
